

BACHELOR OF BUSINESS ADMINISTRATION

Major in Finance

Program Overview

Making the right financial decisions is crucial to the successful operation of any business. Our program aims to equip you with the skills that you need to make the right financial choices all the time. You will learn about all aspects of financing and taking this program with us will allow you to build your knowledge and develop the technical skills you need for today's workplace.

We cover topics across all critical areas within the finance discipline, from learning how to invest to managing risk. You will find that our subjects build the foundations you will later use to become specialists in your chosen field. Our faculty are experts. They produce leading research and are skilled teachers. With their guidance, you will gain the subject knowledge and skills that will allow you to stand out from the crowd as you embark upon a career in finance.

Competitive Edge

- Build strong industry required technical and quantitative skills.
- Gain a comprehensive education in key financial concepts.
